Dear Mr. Schutte:

Re: NPDES Permit No. ING250058  
Ross Sand Casting Industries, Inc. Plant #3  
Winchester, IN, Randolph County

This agency has reviewed your request of February 15, 2010, for voidance of the above-referenced permit. Due to the fact that the non contact cooling water discharges from this facility are now conveyed to the Winchester Municipal WWTP, a NPDES permit is no longer required.

Therefore, National Pollutant Discharge Elimination System Permit No. ING250058 issued January 18, 2005 is hereby revoked effective 18 days from the mailing date of this letter.

Any party adversely affected or aggrieved by this decision may appeal by filing a petition for administrative review with the Office of Environmental Adjudication (OEA) within eighteen (18) days after the date of mailing of this letter. Any appeal request must be filed in accordance with IC 4-21.5-3-7 and must include facts demonstrating that the party requesting appeal is the applicant, a person aggrieved or adversely affected by this voidance or otherwise entitled to review by law. Pursuant to IC 13-15-7-3, this decision shall remain in effect pending a decision on any appeal that has been timely requested under the provisions of IC 4-21.5. The address is:

Office of Environmental Adjudication  
Indiana Government Center North  
100 North Senate Avenue, Room 501  
Indianapolis, IN 46204

You are reminded that any future discharge to waters of the state must be preceded by the submission of an NPDES application at least 180 days prior to the commencement of such discharge.

Mr. Scott W. Schutte

PUBLIC NOTICE NO. 2010 - 4D -GP

DATE OF NOTICE: April 15, 2010

The Office of Water Quality issues the following NPDES GENERAL PERMIT.

**TERMINATION**

**ROSS SAND CASTING PLANT #3**, Permit No. ING250058, RANDOLPH COUNTY, Winchester, IN. This permit is being terminated because there is no longer a discharge. Permit Writer: Joe Gwinn at 317/233-8769.

**PROCEDURES TO APPEAL**

General Permit documents are available for inspection at IDEM, Office of Water Quality/Permit Section, IGCN, 100 N Senate Ave, Indianapolis, IN, Room 1203, from 9 - 4, Monday-Friday (copies 10¢ per page). The General Permit is also available at the local Health Department. Please tell others you think would be interested in this matter.

**Appeal Procedure:** Any person affected by the issuance of the Final Permit may appeal by filing a Petition for Administrative Review with the Office of Environmental Adjudication within eighteen (18) days of the date of this Public Notice. Any appeal request must be filed in accordance with IC 4-21.5-3-7 and must include facts demonstrating that the party requesting appeal is the applicant; a person aggrieved or adversely affected or is otherwise entitled to review by law.

**Timely filing:** The Petition for Administrative Review must be received by the Office of Environmental Adjudication (OEA) within 18 days of the date of this Public Notice; either by U.S. Mail postmark or by private carrier with dated receipt. This Petition for Administrative Review represents a request for an Adjudicatory Hearing, therefore must:

- state the name and address of the person making the request;
- identify the interest of the person making the request;
- identify any persons represented by the person making the request;
- state specifically the reasons for the request;
- state specifically the issues proposed for consideration at the hearing;
- identify the Final Permit Rule terms and conditions which, in the judgment of the person making the request, would be appropriate to satisfy the requirements of the law governing this NPDES Permit rule.

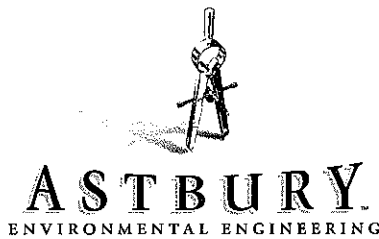

If the person filing the Petition for Administrative Review desires any part of the NPDES Final Permit Rule to be stayed pending the outcome of the appeal, a Petition for Stay must be included in the appeal request, identifying those parts to be stayed. Both Petitions shall be mailed or delivered to the address here:  
**Phone: 317/232-8591.**

Environmental Law Judge  
Office of Environmental Adjudication  
IGC - North Building- Rm 501  
100 N. Senate Avenue  
Indianapolis IN 46204

**Stay Time frame:** If the Petition (s) is filed within eighteen (18) days of the mailing of this Public Notice, the effective date of any part of the permit, within the scope of the Petition for Stay is suspended for fifteen (15) days. The Permit will become effective again upon expiration of the fifteen (15) days, unless or until an Environmental Law Judge stays the permit action in whole or in part.

**Hearing Notification:** Pursuant to Indiana Code, when a written request is submitted, the OEA will provide the petitioner or any person wanting notification, with the Notice of pre-hearing conferences, preliminary hearings, hearing stays or orders disposing of the Petition for Administrative Review. Petition for Administrative Review must be filed in compliance with the procedures and time frames outlined above. Procedural or scheduling questions should be directed to the OEA at the phone listed above.

RE: ING250058  
NPDES Permit Closure  
Wastewater System Discharge  
Ross Sand Casting Plant #3  
Astbury Project: 261.08

To Whom It May Concern:

Astbury Environmental Engineering, Inc. (Astbury) is requesting that IDEM close the NPDES Permit for the above referenced facility. Please consider this letter a Notice of Termination. The facility has made a connection to the City of Winchester's sewer system and the wastewater that was permitted under this NPDES permit is now being discharged to the City of Winchester. The change in the system discharge location occurred on January 25. A report has been generated for the month of January detailing the discharges and both the discharge monitoring report (DMR) and the monthly monitoring report (MMR) have been submitted.

On February 2, 2010 Andy Smit, an IDEM inspector, visited the facility and confirmed that the wastewater discharge had been switched to the City sewer system.

With the completion of the change to the discharge point and this request to close the permit, Astbury will no longer be filing the MMR and DMR reports as there will be no discharge.

Should you have any questions regarding this submittal please feel free to contact this office.

Sincerely,  
Astbury Environmental Engineering, Inc.
